Biology and Health Studies Major

GPA: 3.0

---

## Work Experience

**Charles River Laboratories, *Research Biologist***

(January 2018-Current)

- Test and collect data involving the safety and efficacy of future pharmaceutical products as a laboratory technician in the Developmental and Reproductive Toxicology Department
- Work cautiously and efficiently to gather accurate data by drawing blood samples intravascularly and retro-orbitally, measuring subject's body weight and food intake, and visually assess the subject to determine evidence of abnormal clinical findings
- Draw up and administer accurate dosages to the subjects subcutaneously, intramuscularly, intravascularly, or via oral gavage depending on the preferred route of administration for the future product
- Maintain a sterile work environment and practice proper usage of all laboratory equipment

**OSU Wexner Medical Center (East), *Student Nursing Assistant (SNA)***

(July 2016-October 2016)

- Administered care to patients on the post-surgical/limb preservation floor
- Assisted doctors and nurses in taking patient's vital signs, hourly rounding, taking blood/specimen samples, and noting patient intake/output

**Briarwood Nursing Home Assisted Living, *Nurse's Aid***

(May 2015-December 2017)

- Provided assistance to patients during activities of daily living (ADLs)
- Helped to prepare meals, laundry, beds, and showers for patients
- Aided supervisors in daily tasks

**Fox Den Golf Course, *Pro Shop Attendant***

(May 2014-August 2015)

- Operated the computer system by booking tee times and client profiles
- Provided instruction and evaluation of client's skills when needed
- Assisted in the organization and preparation of member outings
- Sold golf equipment and apparel

---

## Leadership

**Ashland University Men's Golf Team**

*Student Assistant Coach*

(August 2016-May 2017)

*Team Captain*

(August 2015-May 2016)
